Subject: DCBID Parking Validation Revised<NGriffin@downtownla.com>, Henna Sherzai <HSherzai@downtownla.com>

Hello Team,

I wanted to clarify that the validation machine at the reception desk is to be used for validating within the 2 hour timeframe. The building's parking company no longer offers validation stickers and has implemented the following method for validating (full validation, event validations and beyond two hours).

Here is the information for validating parking for DCBID.

To validate, DCBID will log into [REDACTED].com with the following credentials:

DCBID validator account:

username: [REDACTED]

password: [REDACTED]

You will need the parking ticket number to validate.

Full Validation – Customer pays \$0

Validation beyond two hours – Customer pays \$5 and DCBID will pay the balance

Event Pricing - \$20 flat rate

\$5 for 2 hours (use validation machine at reception desk)

Please let me know should you have questions.

Thank you,

Lena
